Quiz Bowl

by Connor McDaniel and Thomas Stapleton

The Irononton Middle School Quiz Bowl team has had a good season. They have won almost all of their matches. Students from the team have told us that it is a great year. "The

season has gone pretty good; we've won all but one match," says Phoenix Payne. Some cool and interesting benefits students like about being part of the Quiz Bowl team are going

to eat after matches, and learning new and different things you would not learn in school. Students on the team say they will most likely win against Coal Grove, because Coal Grove has not played many hard teams. The Quiz bowl team is very confident that they will do well in the tournament.

Teacher Interviews

By Tori Hill and Josie Arden

We interviewed three teachers, and those teachers were Mrs. Arden, Mrs. Gagai, and Mr. McMaster. We asked them all the same four questions. One of the questions was "What is your favorite thing about teaching?" Mrs. Gagai and Mrs. Arden answered with "The students." On the other hand, Mr. McMaster answered "Educating the young minds and having Blake Porter two years in a row."

We then asked them "How long have you been teaching at Ironton?" Mr. McMaster has been teaching at Ironton the shortest amount of time, which is thirteen years. Mrs. Arden and Mrs. Gagai have

been teaching much longer: Mrs. Gagai with 22 years and Mrs. Arden with 29.

Another question we asked was "What made you want to become a teacher?" Mrs. Gagai was inspired with very good teachers she had. Mrs. Arden wanted to help the kids and do public service. Mr. McMaster wanted to teach from coaching sports.

After that, we asked our last question: "If you could teach any other subject, what would it be?" Mrs. Gagai said she would want to teach health, Mrs. Arden said science, and Mr. McMaster said college history. These teachers

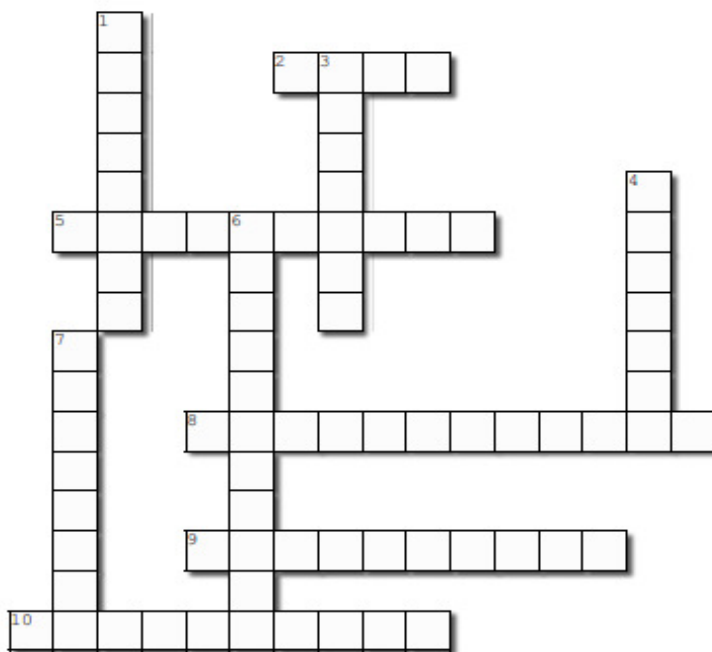

are very excellent to have. When you have them, it will be a very fun year.
